

**CHAPTER 13**

**NAVY OCCUPATIONAL SAFETY AND HEALTH COST DATA**

1. Pending modification to the Navy financial data collection system, this Center must rely on its own ability to track Navy Occupational Safety and Health program costs.
2. Data Requirements. On a yearly basis, as outlined in reference (a), this Station will collect cost data on the following categories: personnel, training, travel/perdiem, supplies/material, equipment, deficiency abatement, and other operating expenses. This data will be provided to the Naval Air Systems Command via the Naval Air Warfare Center.
